An Action Conference for the Environment at UMass Amherst

for high school age young people and their advisors

→ Hands-on workshops on environmental science, citizen action skills, and nature connections
→ Roundtable discussions with other young people involved in community environmental action
→ Envirothon current issue workshops on biodiversity and introduced species
→ Workshops on the urban environment and environmental justice issues
→ Exploration of UMass Amherst campus environmental resources and networking with UMass students
→ Inspiration from a major speaker on environmental action

Friday, March 29, 2002
